TRICK TRAINING

Why You Should Teach Your Dog Some Tricks?

1. Trick training improves your skill as a handler. As you and your dog work together you become a better teacher and your dog a better student.

2. Trick training is valuable because it teaches your dog how to learn. As their ability to learn develops, they quickly acquire new skills.

3. Tricks are a great way for reactive dogs and their owners to spend time together having fun and avoiding the stress of every day life.

4. Trick training helps build a solid relationship between you and your dog. It will teach him/her to love learning and working with you.

5. Trick training helps dogs build confidence. While teaching tricks there are no wrong answers and your dog is always right.

6. And finally, trick training is fun! It’s fun for both you and your dog. It is about spending time together in an enjoyable and relaxing way.
